# 6 FEBRUARY 2024

## HEREFORDSHIRE NATURAL FLOOD MANAGEMENT PROJECT

### NFM information day – Herefordshire Town Hall

**Session 1: 09:00 - 12:00**

**Session 2: 12:30 - 16:30**

If you want to learn more about how the Herefordshire Natural Flood Management (NFM) Project is reducing flood risk, then book in to one of our information sessions (morning or afternoon).

The Herefordshire NFM project is working collaboratively with landowners and communities within the seven priority sub-catchments, identifying opportunities to work with natural processes to slow the flow of water within the catchment and reduce the flood risk to downstream communities.

More information about the project can be found at

[www.herefordshire.gov.uk/nfm](http://www.herefordshire.gov.uk/nfm)

**Meet the  
Herefordshire NFM  
project team**

**Discuss how we are  
using NFM to reduce  
flood risk**

**Find out about how  
flooding is managed  
in Herefordshire**

**Meet with others in  
your catchment**

**Ask questions**

### BOOK YOUR PLACE NOW!

Email the Herefordshire NFM Team to book your place on to a session and to find out more.
