Get set for next winter with Home Energy Savers

Thinking about doing some changes, improvements or renovations to your home this summer?

Want to bring down your heating bills but not sure which improvements would be best for your home?

Home Energy Savers can help! This new support scheme will deliver a free home survey and a comprehensive improvement plan for your home. You can then chose which measures to install that suit your budget.

The free survey is provided with no obligation to proceed, but if you do wish to upgrade the energy efficiency of your home, there is also funding that will contribute towards the overall cost.

The initiative is available across Herefordshire and is targeting households with an income above £36,000 per annum. These households are usually not eligible for other support.
